How to Comply with the Federal Trade Commission's New "Red Flags Rule"

May 28 * Audio-Conference

by **Elizabeth Hogue**, Esq.

On May 1, 2009, the Federal Trade Commission was to begin enforcing its new Red Flags Rule. This Rule was created to ensure that certain types of organizations do everything in their power to identify, prevent, and reduce incidences of identity theft. The purpose of this audio-conference is to assist providers of all types, including home health agencies, private duty agencies, hospices, HME companies, individual providers such as therapists and others to comply. *Participation in this audio-conference will satisfy the training requirement of the Rule.*
