Thank you for taking the time to submit comments on the State Board of Health's proposed rules regarding home care agencies.

A cost-benefit analysis has been requested for:

- The timelines for providing information to the Department proposed in rules 5.5 B(1) and B(2) as well as clarification on the frequency of inspections and if agencies will be subject to a renewal inspection each year and the costs associated with renewal inspections;
- Education, reporting, recordkeeping and inspection requirements that are duplicative of, or more stringent than existing regulations of other federal or state regulatory bodies;
- Rule 5.2, clarifying the purpose for the information required on renewal applications and the costs associated with providing that information.

The analysis must be received by our office no later than March 13. I will forward the analysis to you as soon as it is received by our office for your thoughts and comments.

Thanks again for your thoughtful input. It is greatly appreciated.

Sincerely,
Eileen Nenoff
