As you may know, the new HHABN regs go into effect September 1st. In response to the rapidly approaching deadline, HCAC is pleased to announce that we have partnered with the Home Care Information Network to produce a two-part seminar on the revisions.

There are two seminar modules: a 90-minute session for agency administrators focusing on implementation, and a one-hour session aimed at field clinicians who will be completing the required forms. The clinician's module also includes a Quick Reference Guide and "cheat sheet" addressing the most frequent situations your staff will encounter.

And we have even better news! In light of all the confusion surrounding the HHABN and the September 1st deadline that you are facing, we have made arrangements with HCIN to make the administrator's module available to you at no charge.

By clicking [here](#) you will be taken to a web page where you can register to view this module on-line, over the Internet, at no cost, and with no obligation to purchase the seminar package.

As a member of HCAC, if you do wish to purchase the seminar package, you will receive special pricing. You can purchase unlimited access to both the administrator's and clinician's modules for an entire year for the special member price of \$225
