

FY 09-10 Provider Rate Reductions
Home Health, PDN, and HCBS Programs

Effective July 1, 2009, the Department is implementing targeted provider rate reductions and other efficiency targets in order to achieve a two percent (2%) reduction in total expenditure for Home Health, Private Duty Nursing and Home and Community-Based Services (HCBS) providers. These reductions and efficiency targets will reduce expenditures by approximately \$7.6 million for the State Fiscal Year (FY) beginning July 1, 2009. The Department will publish a comprehensive list of efficiency proposals on the Department website in the near future.

Home Health and Private Duty Nursing Providers
FY 09-10 Rates

The Home Health and Private Duty Nursing programs received a 2% rate reduction to all Nursing and Therapy services effective July 1, 2009. A 2% rate reduction was also applied to the Acute and Long-Term Maximum Daily Amount. Home Health Aide Basic and Extended rates remain unchanged from the FY 08-09 rate.

HCBS – EBD, MI, PLWA
FY 09-10 Rates
